<input type="checkbox"/>	BIOL2020 Principles of Anatomy & Phys II	Prereq: BIOL2010	4	
<input type="checkbox"/>	PICK ONE: History		3	
<input type="checkbox"/>	PICK ONE: Elective	**See General Advising Notes	3-4	
<input type="checkbox"/>	PICK ONE: Elective	**See General Advising Notes	3	
<input type="checkbox"/>				

To stay on track, these courses must be taken in order. **SEMESTER CREDITS 13-14**
PROGRAM CREDITS 62-63

Milestone Courses

Based on prior students' experience, students who do well in these courses are more likely to graduate on time in this program.

DIET1310

General Advising Notes

* If Learning Support Math is needed, these students should take MATH1000 + MATH0100, then they are able to take Math1710, which they need in order to take CHEM1110.

** Recommended electives:
ACCT1010 Principles of Accounting I, BIOL1230 Microbiology.

Helpful Hints

15 to FINISH

Take 15 credit hours a semester to finish your degree in two years.

This degree is designed as a transfer degree into a 4-year dietetics program. Dietetics programs require an internship after 4 years, and these are very competitive. Students should understand their GPA is very important, and strive to do their very best in all courses, including science courses.
