

SOUTHWEST TENNESSEE COMMUNITY COLLEGE**SUBJECT:** General Travel**EFFECTIVE DATE:** July 1, 2000/Revised: December 1, 2005

This policy applies to the travel of all employees of Southwest Tennessee Community College in the performance of their official duties. Provisions of this policy also may apply to individuals other than employees who are authorized to travel at College expense. Authorization for travel will not be granted, and expenses will not be reimbursed unless the travel is made and reimbursement is claimed in accordance with this policy and TBR Policy No. 4:03:03:00.

Local Travel

- 1) **General** – Persons traveling from their home to the campus designated as their official duty station are not eligible to receive reimbursement of travel expenses. The official duty station is defined as that location where the majority of time is spent in teaching or the performance of assigned duties. In accordance with number 2 of this procedure, compensation for travel between campuses, as well as other necessary local travel, will be made at the current rate as listed in the Addendum to TBR Policy No. 4:03:03:00 when **teaching** or work assignments must be performed at two or more locations on the same day.

All claims for reimbursement for local travel must be submitted on a monthly basis for all employees, except for faculty which may file their travel claims on a semester basis, provided that all claims are filed within thirty (30) days from the end of the semester. All claims must be submitted within the fiscal year in which travel occurs, with the exception of the month of June, which must be submitted to the Fiscal Operations Office by the end of the fifth (5th) work day of the new fiscal year, in order to charge the expense to the old year.

- 2) **Intercampus Travel** – Each employee will have designated as his/her official duty station one of several locations where College operations occur. When the College requires an employee to move from the official duty station to another location, the employee will be reimbursed for the mileage traveled between the official duty station and the secondary location.

If an employee is required to report to a location that is farther from his/her residence than the official duty station, the employee may claim reimbursement for the additional mileage. For example, if an employee normally has to drive ten (10) miles to work, but must drive fifteen (15), the reimbursement will be for five (5) miles or 15-10 miles.

Faculty members who teach overloads at any location will not be compensated for any extra mileage expenses involved with the overload course(s). Neither will faculty be compensated for any mileage for teaching an evening course at their official duty station.

Part-time faculty who are assigned to teach at two different teaching locations the same day will be reimbursed for actual travel from the first location to the second location, and return.

Standard mileage between College locations has been established and is considered official. These mileages should be used when claiming reimbursement. A chart of these mileages is attached to this policy as Attachment 2. Claims for reimbursement should be made on a Claim for Travel Expenses form, a copy of which is attached to this procedure as Attachment 3.

- 3) **Other Local Travel** – Other local travel is defined as travel which takes place in either Shelby or Fayette counties, and is not between Southwest Tennessee Campuses. Employees required to leave their official duty station on official College business will be compensated for actual mileage traveled. Additional charges for parking will be allowed, a receipt is required if the fee exceeds the maximum indicated per day on the TBR Policy No. 4:03:03:00 Addendum.

Standard mileages between the College and some other locations have been established and are considered official. For all other trips, mileage must be measured by odometer readings. All travel must be by the most direct route possible. Any employee who travels by an indirect route must bear the added expense.

Exceptions

Unless specifically authorized herein or in the Tennessee Board of Regents travel policy, exceptions will generally not be approved. Requests for exceptions or interpretations must be made in writing and forwarded to the Vice President for Business, Finance and Information Systems who will secure approval/disapproval.
