

SOUTHWEST TENNESSEE COMMUNITY COLLEGE**SUBJECT:** Tobacco-Free Campus**EFFECTIVE DATE:** July 1, 2014**PURPOSE**

The purpose of this policy is to create a healthy and sustainable environment for the entire College community by becoming 100 percent tobacco free. Guidelines are provided for the implementation of a policy prohibiting tobacco use on all campuses and centers of Southwest Tennessee Community College

BACKGROUND

There is considerable evidence that concentrations of smoke are harmful to non-smokers as well as smokers. Findings of the Surgeon General indicate that tobacco use in any form, active and passive, is a significant health hazard. Southwest Tennessee Community College has a responsibility to its employees and students to provide an atmosphere that is consistent with the College's commitment to promote healthy lifestyle choices within an environment that encourages wellness. As part of this commitment, the College will become a tobacco-free campus as of July 1, 2014.

The Tobacco-Free policy is intended to eliminate exposure to second-hand smoke, provide an environment supportive of tobacco-free lifestyles, and eliminate the environmental impact of cigarette litter. It applies to all faculty, staff, students, visitors and contractors and their employees.

POLICY

Effective July 1, 2014, the use of tobacco products (including cigarettes, cigars, pipes, smokeless tobacco, electronic cigarettes and any other tobacco products) by anyone including students, staff and visitors, contractors and their employees are permitted only in private vehicles.

The use of tobacco products (including cigarettes, cigars, pipes, smokeless tobacco, electronic cigarettes or any other tobacco products) is prohibited:

Littering the campus with remains of tobacco products or any other disposable product is prohibited.

Organizers and attendees at public or private events, such as conferences, meetings, public lectures, social events, cultural events, and sporting events using College facilities will be required to abide by the tobacco-free policy and procedure. Organizers of events are responsible for communicating the policy to attendees and for enforcing the policy.
