

Faculty Advising Committee
Southwest Tennessee Community College
Jan. 25, 2013
ML 236

Meeting set up by Jeremy Burnett.

He presided over meeting Jan 29 @ 11:00am.

Committee chair and secretary not notified of agenda.

He gave us copies of an advising syllabus and suggested we produce one also.

Jeremy talked about Advisor Trak problems and advisee loads.

He also introduced a copy of an advising syllabus from the NACADA website and suggested we might need to create one.

I'm not sure if this was a committee meeting or follow up on advising load discussion we had in Dec., but faculty advising committee members were present.

Meeting lasted about an hour.
