C. Reports from Officers and Senate Committees

1. Senate Executive Committee

a. Action requests: Concerns about Summer Teaching

Haley said that he has sent out several emails to the faculty explaining this matter, and there is nothing new to report. Prior to meeting with Dr. Essex, Haley said that he had surveyed other TBR schools to determine how those schools were dealing with summer pay. He said that it appeared that Dr. Essex was genuinely surprised when he was told that many of the other college Presidents had not asked for an exemption to the 1/32 summer pay. Dr. Essex had thought that all of them would ask for the exemption. With that in mind, Dr. Essex agreed to continue the summer pay for nine-month faculty with the 1/32 pay rate as it has been applied in previous years. Bodayla thanked Haley for the effective way he handled this crisis. Haley said that faculty should thank Dr. Essex for this decision, particularly since he went against the recommendations of senior staff. Haley asked the Senators to make sure their Deans and department Chairs were not making arbitrary decisions about summer school.

b. Senate Committee Liaison (Blankenbeckler): (for any updates see committees below)

c. Curriculum Committee Liaison (McKinney): (for any updates see Curriculum Committee below)

d. Scholarship Committee Liaison (L.R. Smith): (for any updates see Scholarship Committee below)

2. Academic Matters Committee (Gephart)

Blankenbeckler reported that the Academic Matters Committee met on March 3rd to review policies that it oversees. During the review, the committee noted a few typographical errors and some confusing issues. However, the main item of business discussed in the meeting related to the length of time faculty must serve on this committee. When Haley raised the question about committee appointments, Williams said that the new Senate President should appoint the Senate committees each year. Haley, with Senate agreement, said that whoever is elected Senate President for the next academic year should make plans to reappoint the Senate committees (with the exception of the Faculty Development and Evaluation Committee).

3. Grade Appeals Committee (Regan)

Blankenbeckler said that the Grade Appeals Committee had no grade appeals pending. However, the committee resubmitted the "Grade Appeals Form Procedures" and the "Grade Appeal Form" documents

that the Senate had returned for minor editing several months ago. In response, the Senate moved to approve the changes and forward the documents to Dr. Miller. The motion passed unopposed.

4. Faculty Handbook Committee (Hurrah, Reid)

Although the Faculty Handbook Committee has completed work on the faculty handbook, and a hard copy of the handbook is available, there is no Microsoft Word document available for posting on the Senate web site. The handbook was originally word-processed in a non-Windows format, and there have been problems getting it converted to a Microsoft Word version. To Pratt's question, Haley responded that he does not think the committee plans to send hard copies out to the faculty.

5. Faculty Development and Evaluation Committee (Robertson, Lipinski)

Blankenbeckler said that the FDEC will meet on March 5th. Haley added that the Chair and Co-chair of the FDEC will meet with the SEC, Vice Provost, and Provost on March 6th to discuss the faculty evaluation that is under development.

6. Faculty Welfare Committee (Haseltine)

Blankenbeckler reported that the committee completed its two charges, developing components for an administrative department head evaluation and compiling a survey to determine faculty morale, and submitted them to the Senate at the February meeting. Consequently the committee has not scheduled another meeting.

a. Status of Administrative Evaluation

Haley said that the Provost has not yet appointed a committee to determine the ratings for the 26 questions that will be listed on the department head evaluation. However, Dr. Miller has assured Haley that the evaluation will be in place for use this spring. [This document is posted at the Senate Sharepoint web site.]

b. Status of Faculty Morale Survey

Although Haley submitted the survey to Dr. Miller, she suggested that the Senate edit some of the comments before sending it on to Dr. Essex. Blankenbeckler and L.J. Smith said that Dr. Miller asked the SEC to make some of the comments more positive and less derogatory and demeaning. Pritchard questioned whether the comments were really derogatory and demeaning or just direct. Blankenbeckler said that Dr. Miller was willing to take the comments to Dr. Essex as presented, but she thought that some of the comments were unprofessional and would reflect badly on the faculty. Although Pritchard and L.J. Smith agreed to discuss the matter at a later time, debate between the two Senators on this matter continued. In response to Pritchard's request, Singleton read several comments in the survey as examples. Haley then asked the Senate if the unedited survey should be sent to Dr. Essex. When the Senators could not reach at a consensus, Schlichter moved to table this discussion until the April Senate meeting. The motion passed unopposed. [This survey is posted at the Senate Sharepoint web site.]

7. (ad hoc) Senate Scholarship Committee

L.J. Smith reported that the director of the Scholarship Committees would provide her with a list of current contributors to the three Senate Scholarships. Three of these contributors will be asked to serve on the Senate Scholarship Committee this spring to select recipients.

8. Election Committee:

See "Unfinished Business," item number 16 for a discussion of Election Committee business.

The following are College Standing Committees with specific Senate Relationships:

9. Curriculum Committee (Summons)

The report from this committee was tabled at the last meeting, but typed updates were included with the draft of the February Minutes that was distributed at this Senate session. McKinney reported that the committee has a tremendous workload, but it functions well. Senators seemed satisfied with the existing reporting relationship.

10. Promotion and Tenure Committee
no report

11. Readmission Appeals Committee (Germain, Carson)
no report

D. Unfinished Business

1. Faculty Senate Priorities for 2002 – 2003: posted at Senate Sharepoint Web Site
Haley reported that he has made numerous updates over the last few weeks. [<http://internal.stcc.tn.edu/fac-senate/>].
2. Status of Request for Second Department head Seminar to be Conducted by Mr. P. Thomas
As reported at the last Senate meeting, Mr. P. Thomas did not offer the kind of workshop that Haley had requested. Since Mr. Thomas has not contacted Haley about presenting another one as agreed upon, Dr. Miller has decided to employ an outside consultant from FedEx. The consultant will present the workshop this spring. Haley briefly reviewed the purpose of the workshop once again.
3. Status of Non-Tenured Faculty in Engineering Technologies Now Under Review by Dr. Miller
Haley said that Dr. Miller is concerned about this issue. She explained that recently there was a change in TBR attorneys. The previous attorney and the new attorney hold conflicting points of view about how to deal with this matter. As a result, the whole issue still remains unresolved. Armstrong pointed out that the lack of tenured faculty in this department would present a problem for those (possibly two) who become eligible for tenure. There will be no one in the department to vote for or against them. Singleton pointed out that since the voting requirement was a school policy and not a TBR policy, Dr. Miller should be made aware of this pending problem. Haley agreed to discuss this with Dr. Miller and report back to the Senate.
4. Status of Twelve Month Contracts Now Under Review by Dr. Miller for TBR
Although the administration was prepared to dissolve most of the twelve month contracts this June, Dr. Essex has agreed to delay this until next June, 2004. The Provost is reviewing each of the contracts and will make recommendations to him in the next few months based on the advice of the Deans. Haley suggested that the Senators review and prepare a strategy to deal with this. Schlichter said that it is not in the best interest of the institution to lose all the twelve-month contracts. He suggested that some twelve-month faculty should be retained in each department and cited reasons for his view such as continuity of information to students and administration throughout the summer months. In reply to M. Kelley, Haley said that TBR has instructed the administration to reduce the number of twelve-month contracts where possible. L. J. Smith suggested that the Senate appoint an ad hoc committee to examine this matter. After further discussion about this as a money-saving and cost issue, L. J. Smith moved to create an ad hoc committee to review the pros and cons of eliminating twelve month contracts and to develop a proactive response. Also, L.J. Smith said that she would send out an email to all faculty members asking for volunteers to serve on this committee, and she would serve as Senate liaison to the committee. Haley asked L. J. Smith to have the committee draft a report for the next Senate meeting. The motion passed without opposition.
5. Status of ad hoc Budget (Fiscal) Oversight Committee
The Oversight Committee has met once, and Haley has taken some of the suggestions to the administration. Given the current fiscal problems, Haley does not plan to have this committee reconvene at this point in time.
6. Status of Plan to Unite Three Faculty Organizations to Push for Salary Equity
no report
7. Status of Recommendation to Compensate Program Coordinators
no report [According to previous Senate minutes, Dr. Miller is supposed to have a recommendation on the issue of program coordinator compensation in the spring.] Haley will ask Dr. Miller about this recommendation again.

8. Status of Action Request: to Post Budget and Salary Equity Online
Dr. Essex suggested that Haley ask Mr. K. McCune about getting the Salary Equity study posted online. However, Mr. McCune said there were “privacy issues” that prevented the school from posting this information online. Pratt pointed out that the study was available in the library, and Branch argued that this is public knowledge. Haley will ask about this again. Also, Haley said that the budget was simply too large to convert to a Microsoft format for posting.
9. Information about List of Low Productivity Programs Sent to TBR (programs listed, faculty input)
Haley said that this item of business was completed at the last Senate session.
10. Status of Senate Motion to Appoint Senate Representative to any College Budget Oversight Committee:
Response from Dr. Essex
Dr. Miller responded to this instead, and she requested that the Senate wait until she receives recommendations from the Deans. Haley was concerned that she has forgotten about this, and he will remind her of the agreement. Also, he said that the recommendations from the college might have already been sent to TBR.
11. Status of Faculty Emeritus
Haley reported that the Faculty Emeritus proposal has been given to Dr. Miller and he is awaiting her response.
12. Status of Negotiations for Administrative Evaluations above Department Chair Level
Singleton reported that Dr. Miller was positive about a feedback type mechanism for evaluating above the level of chairs.
13. Status of Bylaws/Constitution Recommendations from Dr. Miller and Dr. Essex
Copies of the Constitution and the Bylaws containing recommendations from Dr. Miller and Dr. Essex were distributed to the Senators. L.J. Smith first reviewed each recommendation, allowed discussion, and called for a motion on the administrative recommendation. Following very lengthy discussion throughout, particularly on proper parliamentary procedure, the following are changes agreed upon by the Senate:

Changes in Constitution – draft 8

1. Page 1: returned to original Constitution with “College President” at 3 places on the page
2. Page 4: returned to original Constitution with “The President shall serve as or appoint a representative to the Tennessee Board of Regents Faculty Sub-Council...”
3. Page 5: approved the insertion of the sentence beginning with “The role of this committee...”
4. Page 5/6: approved minor changes under Curriculum Committee as suggested
5. Page 6: approved minor change under Readmission Appeals Committee as suggested
6. Page 6: approved change under Amendments... returned to original Constitution with “...with final concurrence by the President of the College.”

Changes in Bylaws – draft 8

1. Page 2: changed “findings” to “recommendations” and “Faculty Senate” to “SEC”
2. Page 3: approved the change “and the Readmission Appeals Committee” as suggested
3. Page 5: approved the insertion of the sentence beginning with “The role of this committee...”
4. Page 5: approved the change “”or his/her designee”

[According to the report from that committee, the correct name should be “Readmission Appeals Committee” and not “Readmissions Appeals Committee.” This change was made in both the Constitution and Bylaws.]

[The revised Constitution and Bylaws are posted at the Senate Sharepoint web site.]

The revised drafts of the Constitution and Bylaws will be submitted again to Dr. Miller and Dr. Essex.

14. Status of Faculty Voting on Constitution

Though the Senate approves the Bylaws, the changes in the Constitution must be approved by two-thirds of the faculty voting. Assuming administrative approval, L.J. Smith proposed that the faculty vote on the Constitutional changes take place after all the Senate elections are completed in April.

15. Status of Cell Phone Use in Classroom: Clarification from Dr. Miller, Motion Tabled in February

At the last Senate meeting, Haley agreed to ask Mr. P. Thomas, the Affirmative Action Officer, about his decision to support a student during an incident at Macon Cove. Haley said that Thomas could not recall any details about the matter, and Haley is still waiting for clarification from him on this. As Haley pointed out at the previous Senate meeting, this incident prompted the TBR lawyers to recommend that Southwest develop a policy regulating cell phone use in the classroom. After further discussion, McColgan questioned the need to wait for any further clarification. Several Senators spoke against setting a department-wide policy as suggested at the previous Senate meeting. Instead, Bodayla moved that "The Faculty Senate supports the right of individual faculty to set their own policy on the use of cell phones and other disruptions." The motion passed with one opposed.

16. Status of Divisional, Departmental, Senate President Elections

L.J. Smith reviewed the emails that she and the Election Committee distributed to the Chairs and to the faculty about the upcoming elections. This year the committee assumed the responsibility for the divisional elections, for the election of the Senate President, and for informing those departments which had to elect departmental Senators. She reviewed the timeline that the committee sent out, although weather problems created some delays as well as problems obtaining candidate names from some of the departments.

L.J. Smith reported that the divisional elections will begin on March 5th with the following candidates running in each division:

17. Status of Macon Cove Concerns about Parking in the Lots Near the Trailers: Responses from Captain Brown and Dr. Miller

Captain Brown assured Haley there would be greater enforcement in the Macon Cove lots. In addition to the Macon Cove concerns, Haley sent Mr. Floyd a memo relating to parking issue at the Union Campus. Haley is waiting for a response from him. Singleton pointed out there seems to be greater parking enforcement at Macon Cove, but the officers are now out of tickets.

E. New Business

1. Bi-annual Vote of Confidence - No Confidence in Administration (Tabled in February)

In January Pritchard moved to have the matter of a bi-annual vote of confidence – no confidence for the administration added to the February agenda. However, this matter was tabled in February, and Haley suggested that Pritchard withdraw or table it once more. Pritchard argued that this should be in response to the decision of the administration to require the use of the newly developed faculty evaluation. Bodayla argued that an evaluation is quite different from such a proposed vote, and that something of this nature should only be used under extreme circumstances. In the end, Pritchard withdrew the motion.

2. Faculty Awards Forms.

Singleton distributed the following three Faculty Awards documents for Senate review:

- a. Letter from Mr. Arch Griffin inviting nominations and applications, along with a timetable
- b. Nomination / Application Process for Faculty Awards
- c. Faculty Awards Application form

She explained that she made changes in the forms to make them current, and she reviewed the documents and how they are to be used. There was some confusion about who was responsible for appointing the

Awards Ceremony Committee. Since several Senators felt that organizing this function was not a Senate responsibility, Haley will ask Dr. Miller for clarification. Singleton said that she has asked for faculty participation whenever this committee is established and called for volunteers from among the faculty. Also, she said that someone is needed to complete the purchase orders for the six plaques. The Senate moved to accept the Faculty Awards documents as edited without opposition. [These documents are posted at the Senate Sharepoint web site.]

3. Middle College High School

Bodayla said that since the college intends to move the MCHS into the E Building at Union Avenue, many college faculty members would be relocated. Bodayla said that she and other faculty there are greatly concerned about the increasing number of incidents involving the high school students. She said that the problems are of such a nature that she and others have begun to fear for their safety! She stressed that at this point the students are not just a nuisance problem, but have become an actual safety treat to college faculty, staff, and college students! Bodayla said that she does not believe that containing them at one location, E building, will resolve anything, and she questioned the large cost of refitting building E so that it would be up to code for high school age students. She informed the Senate that she would be drafting a petition for college personnel to sign requesting the removal of the high school from the Union Avenue Campus. She requested that faculty send her documentation of past problems or incidents involving the high school students. D. Smith stated that it was outrageous to spend such a large amount of money on renovations for the high school, and he too said that this would be a good time to push for the removal of the high school from the campus. Bodayla called for Senators to volunteer to circulate the petitions at the campuses and centers. She stated emphatically that she wanted to compile this data in the event that high school students attack and injure college faculty members and to provide evidence for lawsuits that might arise as a result of an attack. Williams said that over the years he has sent letters describing problems created by the high school students to successive administrations and to a previous Chancellor but to no avail, and he said that he has given up. He also said that he left the Union Campus several years ago to avoid contact with the high school students altogether.

Other Business

1. Appointments to Senate Committees for 2003-2004

Many of the faculty have been serving on Senate committees for the last two years. Since these are supposed to be yearly appointments, Haley will reappoint them should he be reelected as Senate President (with the exception of the FDEC).

F. Adjournment

The Senate moved to adjourn at 5:12 P.M. The next Senate meeting will be April 1st, in the Faculty Lounge at the Union Avenue Campus.
